The overall quality of the program is excellent. The extent and breadth of existing graduate programs at WSU provides mals students practically unlimited opportunities to combine course work in The male program attracts some of the best prepared students on campus; for the last two years the average GPA of entering mals students is slightly higher than both the college and university averages. Some of the

Δε long as there are students who have academic interests that do not neatly align with WSU's current graduate

departments, there will be a need for the mals program. This demand is underscored by the fact that we have
