

# Production Schedule: University Catalogs 2025-2026

Objective: to have both publications published to the public website for fall 2025 advising and registration (March 2025).

Date	Catalog Production Steps
Monday, September 16, 2024	CAT * Front matter pages will be started through workflow – open for editing/approval.

Monday,

\*CAT pages refer to items in the catalog not requiring governance such as program descriptions, department contact information, general university information, etc.

\*\*CIM forms refer to program and course information that require governance for changes. These changes must be fully approved in the workflow in order to appear in the catalog.
